In addition, even though the **Ledebuhr** discloses a microdisplay but fails to disclose or suggest that the microdisplay is configured to receive at least one of the second set of oppositely polarized components for forming a projected light matrix.

Being dependent on **claim 8**, **claims 9-14** are also allowable.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
